1. Introduction

Document validation service coverage. The documents that can be used in Identidas are defined.

2. Documents name specification

The name of the documents are defined following the rule: "Country name + Document type + Year + (VERSION)".

- Country name: Name of the country the document belongs to.
- Document type: Type of the document: ID card | Driving license | Passport | Residence permit.
- Year: Issuing year of the document.

The documents are grouped by country and ordered by type and year.
